

Interactive Session
on
“TAKING TINY STEPS TOWARDS HORIZON”

June 3, 2021

Forum of Public Schools has taken an initiative to start a series of ‘Interactive Session’ with the school leaders to share their vision, ideas, thoughts, best practices and the work they are doing

The Second ‘Interactive Session’ was presided over by Dr. Anuradha Mehta on the topic:

“TAKING TINY STEPS TOWARDS HORIZON”

on June 3, 2021. With the help of a power point presentation, Dr. Mehta apprised one and all how her school has utilized the pandemic time in engaging teachers and students in meaningful activities.

- ❖ The Pandemic time was best utilized by the teachers community of her school by **‘Understanding NEP 2020**. The groups were divided as per their interest and subject expertise and

topics were allotted. Each group of Teachers created power point presentations to express their understanding. These PPTs were also shared with the parents and students to update them about the new changes which they will witness in the teaching-learning process.

- ❖ The second Activity was conducted by English Faculty of her school by starting - **EBC- English Boosting Classes** for students. As we all know that we cannot deny the importance of this global language, so the aim behind this initiative was to generate interest among the learners for this beautiful language and to takeaway shyness of the students while speaking and strengthening their vocabulary.
- ❖ The third activity was '**Happy Hearts**' which was an initiative of the Interact Club of the school and was done in association with an NGO. The aim was to bring back the smile on the faces of the less privileged children. This program was initiated with proper planning and for 3 months students of her

school also gave digital teaching on English Communication Skills to the children from NGO.

- ❖ Ms. Sulekha Singh, a faculty of her school has started a Youtube channel and has uploaded 10 videos as of now to make learning simple and effective.
- ❖ The faculty members of her school have also done a Research Work on the topics such as-Impact of aesthetics on mindfulness and creativity, Impact of social media and technology on English vocabulary, Online education and E-learning, Role of ICT during Covid-19, Impact of Covid-19 on Indian Economy, and The plight of River Yamuna in Delhi are few of the topics on which the faculty had done extensive research and their work was published in foreign and Indian Journals.

All the school leaders congratulated and appreciated the work undertaken by the school under the able guidance of Dr. Anuradha Mehta. Her session was full of ideas and suggestions which can be implemented to derive maximum teaching-learning outcome.
